Regarding re-appointment to the LAX/Community Noise Roundtable as an At-large member

Dear Denny,

This is my request for re-appointment consideration to the LAX/Community Noise Roundtable as an At-large member representing the North Westdale Neighborhood Association for another two-year term.

I would like to continue to work with the Roundtable toward possible solutions that would reduce noise and air pollution from LAX. I have found the Roundtable to be informative and valuable for my understanding of airport operations and their impacts on communities and the environment.

Thank you for your consideration,

Sincerely,

Martin Rubin

To Whom It May Concern:

On behalf of the 360 at South Bay Homeowners Association, I would like to request your consideration for Jim Robilotta to continue to represent the 360 at South Bay Homeowners Association as a member of the LAX Roundtable. Jim Reed from 360 would be appointed as the Alternate. As you know, the 360 community continues to be dramatically affected with significant impact from noise from airplane engines on an almost daily basis. Given the current plans for expansion of LAX, it is imperative that the 360 Community has a continuing voice with respect to noise, and other issues.

We have worked closely with Councilwoman Olivia Valentine on this issue for years, however Jim's breadth of knowledge and first-hand experience would continue to help bring another perspective to the group that would be reasonable and refreshing.

Thank you for the consideration.

Sincerely,
