

## Trash Compactors at TBIT

Effective April 12th, 2017, the IWBT trash compactor will be removed from TBIT to make way for MSC project. We have two other trash compactors located at Tom Bradley International Terminal (TBIT) for trash disposal.

- Overview of TBIT

- Adjacent to the South Loading Dock

- Adjacent to the North Loading Dock

All concessions, service providers, and TBIT ramp operators will be required to use the trash compactors at the identified locations.

LAWA Maintenance Services Division is responsible for maintaining the compactors.

For questions, please contact Eve McEneaney at [emceneaney@lawa.org](mailto:emceneaney@lawa.org) 424-646-5029.
