HOW IT WORKS

STEP 1:

DOWNLOAD THE FREE APP AND SET UP YOUR PROFILE

Enter your profile information as it appears on your valid, official passport. You can set up profiles for your entire family. Your information will be encrypted and shared only with CBP.

STEP 2:

ANSWER A FEW QUESTIONS

Answer CBP's four brief questions about your trip. Then carefully review ALL of your information for the trip.

STEP 3:

SUBMIT TO CBP

Once you land, connect to wireless or wi-fi and submit your data to CBP. Remember: when you submit, you are confirming under penalty of law that your information is correct. Within a few seconds, you will receive a CBP receipt with an encrypted barcode. Your receipt will be valid for 4 hours. NOTE: If your submission is rejected, you must complete the paper form.

STEP 4:

SKIP THE LINE & SAVE TIME!

Follow the MOBILE PASSPORT CONTROL signs and skip the lines! Show your passport to the CBP officer and scan the barcode on the CBP receipt. And that's it!

For U.S. and Canadian citizens only.

If you are having problems, ensure WiFi is turned off and that you have cell phone reception.
